

Coloured Clothing

Guidance for
Clubs

Bowls England has given approval for coloured clothing (including trousers and skirts as applicable) to be worn by clubs provided that a County is in agreement that coloured clothing will be permitted for clubs under their jurisdiction.

All club coloured clothing shall be registered and approved by your County Association. If a club wishes to play in coloured clothing then it is an expectation that ALL participants must wear the same matching design, except by prior local agreement between the participating clubs or the organising body (i.e. County Association).

Should an event be sponsored, any logos depicting other sponsors will not be permitted to be worn, unless approved by the event sponsor.

Basic Guidelines:

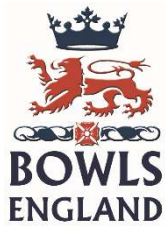

1. The shirt shall have a collar.
2. The shirt can be long or short sleeved.
3. Any logo, wording, picture or any other form of reproduction associated with the business or name of a sponsor, or a Club badge, should be clearly shown on the diagram of the shirt submitted for approval.

It is recognised that Clubs may also have coloured caps, trousers, skirts, jumpers, fleeces, windcheaters and waterproofs. These may not always be exactly the same colour/design as the shirts so it would be helpful if this could be indicated on the registration form.

4. The name of the Club may be printed on the back of the shirt at shoulder blade level in lettering of not more than 40mm in height. Only one horizontal line of letters may be used.
5. A shirt manufacturer's name tag may be permitted provided that it is of an area not greater than 10 sq cm.

To register the design and colour of the shirts etc and to obtain County Association approval, please complete the form overleaf. Any changes to registered coloured clothing will require written approval from your County Association.

Clubs are asked to complete a separate form for each individual design.
